#### INVITATION TO BID

Sealed bids will be received by the County of Cherry, Nebraska, hereinafter referred to as OWNER, at the County Commissioners' Meeting Room in the Cherry County Courthouse, Valentine, Nebraska, until 11:00 A.M., Local Time, May 30, 2023, for 2023 Armor Coat Project, Cherry County, Nebraska.

The contract provides for approximately:

Alternate 1: Cody North Road 28,364 SY 12,156' (feet) x 21' (foot) wide

Alternate 2: Kilgore North Road 95,878 SY 32,440' (feet) x 26.6' (foot) average width

Conditional or qualified bids will not be accepted. Bids will be received and evaluated on a per square yard price basis. No bids may be withdrawn within a period of sixty (60) days after the date fixed for opening bids.

Copies of the bidding documents may be obtained from Niobrara Valley Consultants, 108 West 4<sup>th</sup> Street - PO Box 50 – Valentine, Nebraska 69201, upon payment of \$75.00 to cover printing costs, none of which will be refunded.

The Bidding Documents may be examined at the offices of Niobrara Valley Consultants and Cherry County Clerk.

Bid security in the amount of five (5) percent of the total bid price must accompany each Bid in the form specified in the Information for Bidders. Bid security may be in the form of a Bid Bond or Certified Check.

The successful Bidder will be required to furnish a performance bond and a labor and material payment bond guaranteeing faithful performance and the payment of all bids and obligations arising from the performance of the contract.

The Owner reserves the right to waive informalities and irregularities and to make awards on bids that furnish the materials and construction that will, in its opinion, serve the best interests of Cherry County, Nebraska. The Owner also reserves the right to reject any or all bids.

It is the Owner's desire to have this work completed in Construction Season 2023.

Brittny Longcor Cherry County Clerk

#### Resolution #2023-4 Forest Reserve Funds Distribution 2023

WHEREAS, the forest reserve funds, annually paid into the state treasury by the United States Government under an act of Congress approved June 30, 1906, shall be distributed among the counties of the state entitled to such funds for the benefit of the public schools and public roads of such counties based upon information provided by the United States Department of the Interior, and;

WHEREAS, the Commissioner of Education shall, on or before August 5, make apportionment of such funds to such counties according to the number of acres of forest reserve in each county and certify the apportionment of each county to the county treasurer of the proper county and to the Director of Administrative Services. The director shall make payments to the various counties for the amount specified by the commissioner. Nebraska Revised Statute 79-1044, and;

WHEREAS, Cherry County, Nebraska received a Forest Reserve Funds distribution in the amount of \$77,769.32 in May of 2023, and in accordance with Nebraska Revised Statute 79-1045, and;

WHEREAS, Cherry County does not have any pupils residing in part of a school district which is within a forest reserve, and;

WHEREAS, one-fifth of the apportionment shall be to the public road fund of the county, and;

WHEREAS, the County Treasurer shall, with the approval of the county board, have authority to retain the money to be allocated under this subdivision to Class III school districts of the county to be used for the establishment and support of a county circulating library for Class III school districts, and;

NOW, THEREFORE, be it hereby resolved by the Cherry County Board of Commissioners that the Cherry County Treasurer shall distribute the funds as follows: one-fifth to the Cherry County Road Fund (0200) in the amount of \$15,553.86 and the balance to the Bookmobile Fund (2050) in the amount of \$62,215.46 for the support of a county circulating library.

MOTION BY:

SECONDED BY:

RESOLVED this 30th day of May 2023.

Cherry County Board of Commissioners

BY:\_\_\_\_\_ Martin K. DeNaeyer, Chairman of the Board

ATTEST: Brittny N. Longcor, Cherry County Clerk

#### **Cherry County Treasurer** From: NDE SFOS <nde.sfos@nebraska.gov> Sent: Wednesday, May 17, 2023 2:21 PM To: treasurer@blainecountyne.com; Cherry County Treasurer; treasurer@dawescounty.ne.gov; treasurer@siouxcountyne.org; treasurer@thomascountyne.gov Cc: gaclark510@hotmail.com; eric@ericscottlaw.com; lawoffice@harrisonne.com; kurtarganbright@gmail.com; Janssen, Charlie; Murante, John; Sudbeck, Kelly; Bush, Gary; Bergquist, Tom Subject: NDE: Distribution of Forest Reserve Funds Attachments: DISTRIBUTION OF FOREST CONTROL FUNDS\_NDE.pdf; 2122AFR\_PPC.pdf TO: County Treasurer FR: Michelle Cartwright, School Finance & Organization Services RE: Distribution of Forest Reserve Funds

On May 22nd, 2023, funds will be electronically transferred to your county (see attachment for distribution totals and per pupil cost printout). This payment represents your county's share of the Forest Reserve Fund. The attached 2021/22 per pupil cost printout should be used to distribute the Forest Reserve funds.

Section 79-1045, R.R.S. provides for the distribution of such funds (located on the Nebraska Legislature webpage: <u>http://nebraskalegislature.gov/</u>). According to State Statute, "The county treasurer shall, within twenty days after receiving the apportionment under section 79-1044, apportion the amount as follows: (1) To each school district lying wholly or partly within any such forest reserve, an amount equal to the actual per pupil cost for each pupil actually residing in that part of the district which is within such forest reserve, but this apportionment per pupil shall not exceed the average annual cost per pupil, based on average daily attendance within that county; and (2) of the remaining amount, one-fifth to the public road fund of the county, one-fifth equally to the several school districts in the county, and the remaining three-fifths to the several school districts in the county pro rata according to the enumeration of scholars last returned by the districts. The county treasurer shall, with the approval of the county to be used for the establishment and support of a county circulating library for Class III school districts. A school district which has failed to sustain a school taught by a legally qualified teacher for the length of time required by law shall not be entitled to receive any portion of the Forest Reserve Fund."

Please note: There appears to be no statutory definition of "scholars" as used in this section. Please consult with your County Attorney to determine the legal distribution of these funds.

Based on a copy of a portion of the United State Department of the Interior Regulations and Amendments provided to the Nebraska Department of Education, within 120 days after the date that payments are received, the county involved shall submit a certification which describes the appropriate distribution of funds. The certification must be submitted to the Nebraska Department of Education, School Finance & Organization Services, by September 15th, 2023. Please forward certification to the email below.

If you have any questions, please contact me at Michelle Cartwright at (402) 450-0867 or michelle.cartwright@nebraska.gov.

FR: Michelle Cartwright, School Finance & Organization Services

RE: Distribution of Public Grazing Funds

On May 22nd, 2023, funds will be electronically transferred to your county (see attachment for distribution totals). This payment represents your county's share of the Public Grazing Fund allocated under provisions of the Taylor Act.

Section 79-1048, R.R.S. stipulates "the county treasurer shall, within twenty days after receiving the apportionment under section 79-1047, distribute the funds to the school districts in the county from which the public grazing funds were derived in proportion to the respective acreage of grazing lands in each district within the county."

A copy of the statute is located on the Nebraska Legislature webpage: http://nebraskalegislature.gov/.

Based on a copy of a portion of the United States Department of the Interior Regulations and Amendments provided to the Nebraska Department of Education, within 120 days after the date that payments are received, the county involved shall submit a certification that appropriate distribution of funds has been made. The certification must be submitted to the Nebraska Department of Education, School Finance & Organization Services, by September 15<sup>th</sup>, 2023. Please forward certification to the email below.

If you have any questions, please contact me at Michelle Cartwright at (402) 450-0867 or michelle.cartwright@nebraska.gov.

#### DISTRIBUTION OF GRAZING CONTROL FUNDS

| County    | Total for Distribution |
|-----------|------------------------|
| Blaine    | \$6.37                 |
| Brown     | \$895.11               |
| Cherry    | \$8.92                 |
| Dawes     | \$99.30                |
| Holt      | \$20.38                |
| Hooker    | \$20.38                |
| McPherson | \$41.10                |
| Rock      | \$68.15                |
| Sioux     | \$31.85                |

#### Resolution #2023-5 Public Grazing Funds Distribution 2023

WHEREAS, the public grazing funds under the federal Taylor Grazing Act, 43 U.S.C. 315i, as such act existed on May 8, 2001, shall be distributed among the counties of the state entitled to such funds for the benefit of the school districts of such counties based upon information provided by the United States Department of the Interior, and;

WHEREAS, the Commissioner of Education shall, on or before August 5, make apportionment of such funds to such counties according to the number of acres of grazing land in each county and certify the apportionment of each county to the count treasurer of the proper county and to the Director of Administrative Services. The director shall make payments to the various counties for the amount so specified by the Commissioner of Education, and;

WHEREAS, the county treasurer shall, within twenty days after receiving the apportionment, distribute the funds to the school districts in the county from which the public grazing funds were derived in proportion to the respective acreage of grazing lands in each district within the county, and;

WHEREAS, Cherry County, Nebraska received a Public Grazing Fund distribution in the amount of \$8.92 in May of 2023, in accordance with Nebraska Revised Statute 79-1047, and;

NOW, THEREFORE, be it herby resolved by the Cherry County Board of Commissioners that the Cherry County Treasurer shall distribute the funds in the amount of \$8.92 to the Bookmobile Fund (2050).

MOTION BY:

SECONDED BY: \_\_\_\_\_

RESOLVED this 30<sup>th</sup> day of May 2023.

# A PARTNERSHIP FOR YOU

The Nebraska Association of County Officials (NACO) and Blue Cross and Blue Shield of Nebraska (BCBSNE) are names that have been serving Nebraska residents for over a century.

Our two organizations have joined forces to provide group health plans, care programs and engagement strategies that are tailored to meet the unique needs of county governments and their employees.

While the desire for high quality service and stable premium cost is universal to all of our NACO members, the size and financial resources of our members vary. As a result, NACO now offers a choice through our partnership with BCBSNE where our larger member groups can now provide their coverage through a selffunded option. This strategy allows more of our members to benefit from the best-in-class service options and network discounts provided by BCBSNE while maintaining their preferred financing arrangement.

We're excited to help show you how this program works and benefits of using NACO and BCBSNE to protect your employees and their families health. Thank you for this opportunity.

#### INSIDE

#### **Access and Coverage**

Optimizing benefit plan design and network options for your population

#### **Integrated Care Strategies**

Curbing rising medical and pharmacy costs and improving health outcomes

#### Support and Engagement

Educating and serving members, and maximizing value for your business

# ACCESS AND COVERAGE

Network and plan designs ensure access to the care your employees need, while helping manage your bottom line.

### **Better Insights = Better Care**

We work with you to design the plan and network options to manage your company's benefit expenses and your employees' total cost of care.

By assessing claims data and pulling the right combination of levers to make the greatest impact, our goal is to deliver optimal value for your employees and your business, now and in the future. Recommendations are informed by medical and pharmacy benefit utilization, trends across our book of business and predictive analytics. Thirty-six independent Blue Cross and Blue Shield (BCBS or "Blue") Plans cover more than 108<sup>1</sup> million Americans. Our relationships with providers across the country enable us to negotiate competitive health care discounts, ensure in-network usage and support coordinated Total Care – resulting in lower costs, improved patient experiences and better outcomes.

Nationally, Blue Plans have a leading discount position in most markets, with an average in-network savings of 56%<sup>2</sup> across the Blue system. This translates into an average \$24 per member per month (PMPM) savings advantage – 5-9% lower total cost of care compared to the competitive average.<sup>3</sup>

> 1 BCBS Association quarterly core member count as of September 30, 2021. 2 Based on CY2019 ValueQuest Nationwide Reporting 3 National Consulting Firm CY2018 Benchmark, weighted by national census.

# Networks

Your employees expect health benefits that cover the care they need from providers they trust, wherever they are.

BCBSNE provides access to Nebraska's strongest network of health care providers. Statewide and regional network options enable you to balance savings and employee choice. And a Blue ID card gives BCBSNE members access to a broad network of providers across the country and around the world.

BCBSNE data, Jan. 24, 2022.

**SOLUTIONS** 

Blue Cross Blue Shield Global is a brand owned by Blue Cross Blue Shield Association (BCBSA). GeoBlue is the trade name of Worldwide Insurance Services, LLC made available in cooperation with Blue Cross and Blue Shield companies in select service areas. Coverage is provided under insurance policies underwritten by 4 Ever Life Insurance Company, Oakbrook Terrace, IL, NAIC #80985.

#### Local Options

Our Network BLUE PPO network includes 96% of all physicians and 99% of all non-governmental acute care hospitals in Nebraska.<sup>1</sup> BCBSNE's negotiating power with Nebraska providers results in competitive discounts that we pass directly on to our customers.

In-network usage is a key factor in maximizing cost savings. The more claims paid in-network at a discounted rate, the greater the total savings for employers and employees.

#### **Global Coverage**

Internationally, BCBSNE members can obtain medical and provider referrals for inpatient, outpatient and professional services, including domestic 24/7 customer service, while traveling in over 170 countries around the world through the Blue Cross Blue Shield Global<sup>®</sup> Core program, at no additional cost.

Additional GeoBlue® Travel Medical Insurance options are also available.

#### **Nationwide Access**

For members who live or travel outside Nebraska, the BlueCard<sup>®</sup> program ensures access to the nation's largest and most preferred PPO network: More than 1.7 million providers in all 50 states, the U.S. Virgin Islands and Puerto Rico,<sup>2</sup> and more than 67,000 pharmacies through our pharmacy benefits manager, Prime Therapeutics.<sup>3</sup>

When members access benefits with a BlueCard PPO network provider outside Nebraska, the provider will file the member's claim with their local Blue Plan. This makes things seamless for members, since they only need to provide their BCBSNE ID card to the provider and let us handle the filing process behind the scenes.

Blue Plans' in-network usage averages 97% compared to competitors' average of 94%.<sup>4</sup>

#### **Dental Network**

Your employees will appreciate a full dental PPO network with broad access in Nebraska and nationwide.

Our national network – made up of dentists across all participating Blue companies' local service areas – is available to all BCBSNE members enrolled in any type of dental policy. Members seamlessly benefit from the competitive discounts and claim filing agreements Blues have negotiated with local providers wherever they live, work or travel in the U.S.

When dental and medical plans are integrated, members just need one ID card and can easily see any out-of-pocket costs in one place.

<sup>1</sup> BCBSNE statistics, Jan. 24, 2022.

<sup>2</sup> BCBSA statistics, April 15, 2021.

<sup>3</sup> Prime Therapeutics LLC is an independent company providing pharmacy benefit management services for BCBSNE.

# **Integrated Pharmacy Benefits**

Drug costs can be one of the most daunting health care expenses for companies and individuals alike, but when managed as part of the continuum of care, they don't have to be.

With Pharmacy benefit management (PBM) from Prime Therapeutics (Prime), BCBSNE is able to use integrated medical and pharmacy data and streamlined supply chains to deliver more cost-effective and high-quality care to members.

Prime is co-owned by 18 Blue Plans and, unlike other PBMs, is able to partner on lowering health care costs rather than focusing on drug costs alone. Prime works hand-in-hand with BCBSNE clients to design effective drug Plans and benefits tailored to your employee population's needs. Prime processes claims and delivers medications to over 30 million members nationwide – fulfilling over 351 million claims, from over 67,000 pharmacies, in excess of \$29 billion per year. The Blues enables economies of scale when it comes to cost savings and competitive rebate structure, while allowing us to diligently attend to our local members' drug management as part of their clinical care.

Together, BCBSNE and Prime have driven savings in the face of dramatic market-wide drug price increases and would expect to do so for your employees in coming years.

#### **ADVANTAGES OF INTEGRATION**

#### MEDICAL MANAGEMENT

Provider network and plan design

Payment integrity

Claims management

Care management

Total Care, including preventive care

#### PHARMACY MANAGEMENT

Pharmacy network and Preferred Drug List (PDL) design

Drug utilization and pipeline monitoring

Medication adherence and care-gap closure

Value-based contracts

Manufacturer rebates

A well-integrated pharmacy benefit management program uses many levers to lower health care costs and improve outcomes, and offers choice in two key areas: pharmacy networks (where you get medications) and prescription drug lists (what medications are covered).

#### **Pharmacy Networks**

We offer a choice of four pharmacy networks to balance the health care needs of your employee population and maximize cost savings. Our competitive agreements with most retail pharmacies, including Walgreens, ensure your employees can easily fill and save more on their prescriptions.

All our pharmacy plan and network options include:

**Extended Supply Network** (ESN) for members to get medications in greater than one-month supplies via select ESN pharmacies, including home delivery options.

**Home Delivery** for members to get medications in greater than one-month supplies delivered by mail.

**Prime Specialty Network** for convenient and cost-effective delivery of certain self-administered injectable drugs, infused drugs or oral medications used to treat serious, chronic conditions.

**Pharmacy Vaccination Program**, allowing members to easily get covered vaccinations at select in-network pharmacies without an appointment, simply by showing their BCBSNE member ID card.

#### **Prescription Drug Lists**

We offer a choice of prescription drug lists (PDLs) and aggressively manage different options to combat rising drug costs by:

- Driving utilization of preferred brand-name drugs
- Removing non-essential drugs
- Capitalizing on availability of over-the-counter options
- · Closely monitoring high cost brands
- Maximizing cost-effective therapies
- Educating providers and members about any suggestions or changes therein

#### **Pharmacy Benefit Funding**

BCBSNE and Prime offer flexible pharmacy benefit pricing options with low administrative fees to meet the needs of our self-funded clients – all of which eliminate the incentive to promote high-cost brandname drug use. In other words, we work together to lower net costs without compromising the impact of drug therapies on members' quality of care.

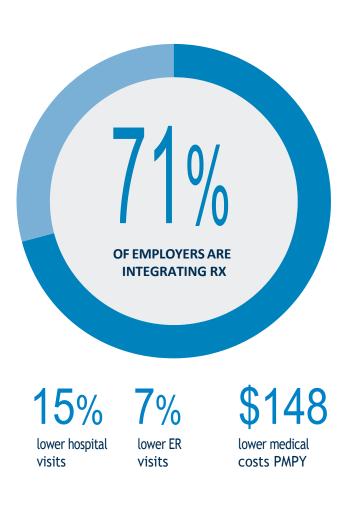

# Pharmacy Benefit Management

Drug costs can be one of the most daunting health care expenses for companies and individuals alike, but when managed as part of the continuum of care, they don't have to be.

Though closely integrated with Prime Therapeutics, LLC (Prime), we also work with other pharmacy benefit managers (PBMs) upon request. Our goal is always to be there for our members and provide the best possible experience. We have successfully integrated with multiple PBMs on behalf of our clients – from shared eligibility files to consolidated member ID cards – and will be happy to discuss options to meet your needs.

#### THE BOT TOM LINE

Many employers are integrating with a single insurance carrier, considering things like costeffectiveness, an ideal benefits package and better employee experiences

# SELF-FUNDING ALTERNATIVE

#### ROBUST OPTIONS

It is important that you find the right balance of financial risk and flexibility for your group, which is why NACO and BCBSNE have partnered to offer this new self-funded program.

# Self-Funding Program

#### **NACO Group Purchasing Power**

The central goal of NACO has always been to serve our members. One of the best ways for us to help our members is to facilitate the group purchase of critical material and services for our members. NACO has a long, successful track record of providing discounts on critical services by leveraging the buying power of all or our members.

Health insurance has been a significant budgetary challenge for our members and a significant focus for NACO. The NACO Insurance Pool has proven to be a successful solution for many of our counties for over 25 years. While this program is successful, it was not a perfect fit for all our larger groups, so we have expanded our program to offer self-funded groups the same group purchasing discounts our smaller members have enjoyed.

#### Self-Funded Plan Consultation

Choosing to self-fund your employee benefit program is a complex decision for any county. At its core, the county becomes the insurance provider for each member and has the responsibility to provide both financial protection and quality service within the regulatory requirements outlined by the State.

NACO's package of self-funded services includes the all the documents you need to assure full compliance with all state and federal regulations, including the unique rules that apply to governmental sub-groups. These services are included in our rates and coordinated with the administration service and reinsurance coverage.

#### Self-Funded Administration with BCBSNE

Self-funded plans help maximize cash flow and reduce administrative expenses for larger companies that are comfortable incurring some financial risk.

BCBSNE offers custom administrative services only (ASO) plans for larger counties who wish to customize medical and pharmacy benefits, as well as ASO Block Pricing for NACO member employees who want to lower administrative costs by selecting a standard plan design.

For the NACO ASO option, BCBSNE makes initial claim payments to providers and subsequently bills the county, based on the established billing frequency for net paid claims (minus adjustments and prescription drug rebates). A monthly summary report details payments, including net paid claim funding requests, administrative fees, BlueCard fees and unpaid balances from previous invoices.

NACO and BCBSNE has engaged Highmark Insurance Group (HMIG), BCS Financial and International Specialty Underwriters, Inc. (ISU) – to be our exclusive stop-loss provider for this program. By leveraging the volume of NACO, we have been able to obtain preferred pricing, policy terms and renewal underwriting for our members, which not only assures the best net price for the coverage but also provides the piece of mind that the coverage provided is consistent with the coverage outlined in your Plan Document and administered at BCBSNE.

Seamless integration of medical and pharmacy benefits, care and data, enables more efficient and cost-effective treatment

Effectively lowering health expenses demands a comprehensive approach to patient care across the continuum – from preventive screenings and wellness programs, to unexpected one-time health events or lifelong management of chronic conditions.

BCBSNE works with providers to set quality measures, help gather and analyze patient medical and pharmacy data, reduce unnecessary services, create mutual accountability for positive health outcomes, and ensure their financial compensation is tied to those outcomes. Meanwhile, we work with you to understand and address key factors for your employee population, and directly engage your members to ensure they're getting the treatment, education and support they expect. Clinical strategies encompass many levers to support total patient care:

- Focus on establishing a primary care provider as the quarterback for employees' care
- Clinical care management, including dedicated support and targeted offerings to help manage employees' chronic and high-cost conditions
- Wellness programs, promoting a whole-person approach to physical and mental health
- Provider distinction programs to steer employees to the highest-quality and lowest-cost care options

By strategically tending to all factors that impact members' experience, we're able to improve their quality of life and lower immediate and long-term costs.

## Total Care Blues' approach to value-based care

Employees connected (or "attributed") to a Total Care physician at an Accountable Care Organization (ACO) or Patient-Centered Medical Home (PCMH) are more likely to be engaged with their doctors, avoid inpatient hospital stays or emergency room visits, prevent lifechanging or -threatening illness and effectively manage chronic conditions.

Knowing that health care is most effective when the primary care provider is a member's home base, we've pioneered this model and established mutual accountability with Nebraska providers to:

- Strengthen coordination and the quality of care
- Measurably improve immediate and long-term health outcomes
- Reduce waste and lower costs

Total Care providers are incentivized by BCBSNE for the quality of care they deliver, in coordination with specialized providers, rather than the volume of services they provide. We're proactively driving the shift from volume to value and raise the bar across the continuum of care, with efforts like:

- Find-a-Doctor tools now prioritize Total Care options
- Data sharing and opportunity analysis is a cornerstone of our Total Care program with providers
- Risk-based agreements with ACOs ensure providers have skin in the game
- Value-based agreements with pharmacies ensure drug utilization is addressed just like any other medical care
- Communications to encourage preventive care
- Education programs steer members to appropriate sites of care

And because our fellow Blue Plans have done the same, we are able to bring the strongest Total Care providers to your employees wherever they are.

#### MEMBER TESTIMONIAL

I appreciate the phone calls from Roxanne. If I had any concerns or questions she was able to answer them and encouraged me to keep doing my best. I think this is an excellent service.

#### WELLNESS SPECTRUM

## Care Management and Health Advocacy

#### Care Management Team

BCBSNE has five medical directors and 65 nurses on staff who work closely with members and their physicians, pharmacists and other service providers to ensure high-quality care and frequent engagement by:

- Advocating for patients, as a liaison with their providers
- Reinforcing treatment plans and medication adherence
- Educating patients and families about their care options and benefits
- Preauthorizing care, if needed
- Coordinating overall care and claims for major illness, including transitions home from a hospital stay, transfers to a skilled nursing facility, inpatient rehabilitation, home health visits or hospice care

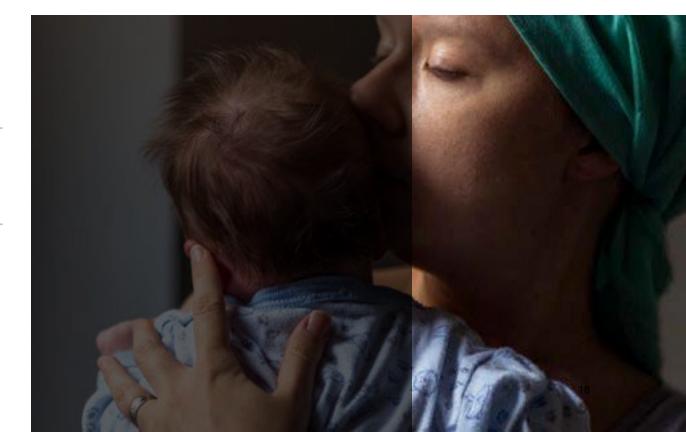

#### **Predictive Analytics**

Data modeling helps us identify members who are a good fit for our clinical management programs or may simply need a little extra support navigating their care. Predictive analytics take into account demographics, social determinants of health, critical risk scores, medical history, pharmaceutical treatment and more. And our commitment to concierge-level service ensures that our customer service team can connect your employees with a nurse care manager as soon as we see the need – or as soon as they ask for help.

By keeping a close eye on high-cost claims, we are able to identify direct care opportunities and seize opportunities for broader cost savings – on an individual basis and group-wide.

65 nurses on staff

Care transitions and health coaching programs saved BCBSNE customers \$3.4M in 2021.

#### HEALTH COACHING

For high-risk members who need support to take charge of their own behaviors (weight management, smoking cessation and stress management) and understand all factors impacting their well-being, including social determinants, medical care, prescriptions and more

#### Interactive Coaching Tools

For all of these programs, our mobile app, powered by Wellframe, allows members to connect with their care team privately and conveniently – when, where and how they choose. Through the interactive, cloud-based platform, your

employees can chat with a nurse, receive appointment and medication reminders, track medications, access libraries of articles and checklists, and more.

Members are also able to engage with care managers and health coaches over the phone, if they prefer.

## Full-spectrum diabetes management solutions

Health Coaching for Type 1, Type 2 and Prediabetes Management

\$0 Cost Type 2 Diabetes Share Reversal Program, for Preferred provided by Virta Insulin CARE

#### SPECIALTY PHARMACY

For members with conditions like multiple sclerosis, hepatitis and rheumatoid arthritis, whose treatments can be extremely high in cost, to help leverage deeper discounts, promote medication adherence and support well-rounded treatment

of care management members engage in their care plan weekly

feel more in control of their health plan after completing a program

#### ME ASU RABLE IMPACT

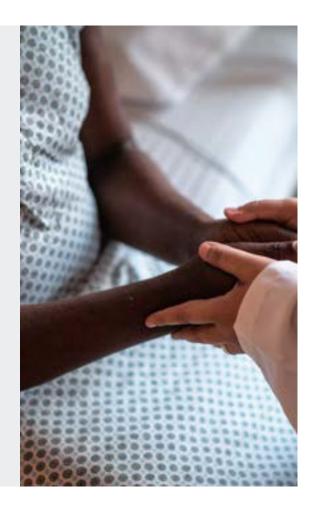

Members enrolled in care management programs are significantly less likely to need follow-up visits or hospital readmission and more likely to adhere to their medications.

# Provider Distinctions

## $\star \star \star$

BCBSNE helps tackle cost and quality head on by prioritizing access to quality, integrated care via designated local and national Total Care providers, local and national Blue Distinction Centers and Nebraska-based Preferred Centers.

We hold physicians and their facilities accountable to mutually established quality guidelines, award them for proven success and use those hard-earned, prestigious designations to help members locate the ideal doctors and facilities for the care they need.

#### Preferred Centers for Total Knee and Hip Replacement and Spine Surgeries

Preferred Centers are surgical facilities recognized for high-quality care, including high patient satisfaction, low readmission rates, low infection rates and lower costs. BCBSNE will waive deductible and coinsurance amounts\* for the inpatient and outpatient facility fees for members of participating plans who have total knee or hip replacement or spine surgeries done at one of these hospitals:

#### Facilities for Total Knee and Hip Replacement and Spine Surgeries

- Lincoln Surgical Hospital
- Kearney Regional Medical Center
- OrthoNebraska Hospital
- Midwest Surgical Hospital

#### Facilities for Total Knee and Hip Replacements

• Columbus Community Hospital

#### **Facilities for Spine Surgeries**

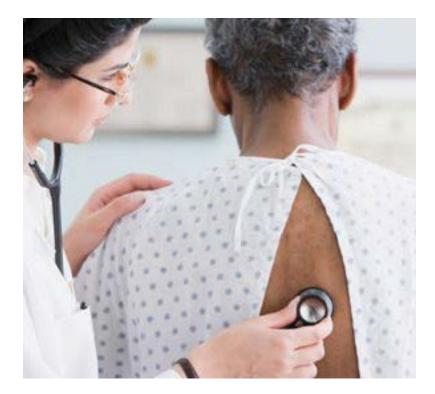

• Nebraska Spine Hospital

#### **Blue Distinction Centers**

Our Blue Distinction Specialty Program has awarded more than 5,370 designations to nearly 2,500 facilities and providers in 11 specialties in Nebraska and across the country – with the goal to provide valuable information to employers and members when determining where to go for specialty care.

Blue Distinction Center+ facilities meet quality criteria and also demonstrate exemplary cost efficiencies.

Patients treated by these Blue Distinction providers have better results and lower hospital readmission rates than those treated by nondesignated providers. Blue Distinction+ providers are also more cost efficient, averaging more than 20% savings per episode compared to nondesignated providers.

Ų,

Members can easily find more than 20 designated Blue Distinction facilities in Nebraska at **NebraskaBlue.com/Find-a-Doctor** 

#### **BLUE DISTINCTION PROVEN RESULTS**

# Wellness Solutions

Health care doesn't just happen in a hospital setting, and it doesn't stop when employees enter the workplace. People work their best when they feel their best.

There are huge payoffs to integrating wellness services and incentives with your health plan. First, employees invest energy in their own well-being, improving their overall health and lowering costs of care – to you, themselves and society. As a result, they're more productive and engaged in the workplace, and have a greater appreciation for the value your company adds to their lives.

Our workplace wellness solutions help you analyze the health of your workforce and tailor results-oriented programs to its unique needs. Whether you are new to helping employees get healthier or have a long-running wellness approach, our consultants help you gain and maintain momentum that can have a meaningful impact on employees' quality of life and your bottom line.

#### **Expert Consultation and Tailored Programs**

We offer two levels of workplace wellness programs, depending on the size and needs of your employees:

**Plus solution** – affordable programming, reporting and consultation for groups of any size

**Premium solution** – behavioral-change programs and tech platform for groups of 50+ employees

#### Wellness Strategic Plan

Both solutions start by administering a comprehensive personal health assessment to collect critical information about enrollees' biometrics, risk factors, health interests, activity and nutrition, knowledge and perceptions, and readiness to change. The assessments, developed by behavioral science, clinical medicine, nutrition and exercise science experts, concentrates on health behaviors and biometrics to predict risks for disease and summarize lifestyle changes that can lower them.

#### The personal health assessment is:

- Easy intuitive and done in only 15 minutes
- Convenient available on any device, English or Spanish
- Immediate provides a personal health score and actionable risk reports
- Insightful shows personal trends and opportunities from one assessment to the next

Following the assessment, BCBSNE's on-staff wellness experts work closely with you to develop a wellness strategic plan, including initiatives tailored to your company culture and evidence-based promotional tactics to ensure engagement. Aggregate reporting enables us to uncover organizational health trends and introduce appropriate interventions out of the gate and down the road.

We are committed to helping all members understand their health status and identify opportunities for personal improvement. Turnkey wellness resources available to you at no cost include:

Health fair support and event marketing materials

Employee-facing health assessments, calculators and resources

Exclusive discounts on health and wellness products

Monthly health challenges and toolkits, including

fitness, safety and nutrition

**\$O** WELLNESS RESOURCES

Structured wellness programs can result in: Better health Greater workplace engagement Increased productivity Decreased absenteeism Reduced stress Lower health care costs

## **Premium Wellness Option**

The Premium solution, powered by Health Fitness experts and the Vitality Health platform, also integrates biometric screening, health education and one-to-one wellness coaching – online, over the phone or in person – to support employees in the lifestyle changes that will improve their lifelong health and lower costs of care.

The robust Vitality Health Review<sup>™</sup> gathers information about 14 modifiable health risk factors and provides a Vitality Age that translates everyday lifestyle behaviors into a personalized health "age," where, for example, a 40-year-old member who smokes and has high cholesterol may, based on the relative mortality risk factors, have a Vitality Age of 49.

#### Vitality Wellness Platform

As part of your Premium wellness program, members have access to a web-based platform (also available through a Vitality Today<sup>®</sup> mobile app) that can be linked to hundreds of smart fitness devices. Here, they can access their personal health assessment results, health profile, program status and rewards, lifestyle coach, and a broad selection of employer- and individual-tailored resources and activities.

#### **PLATFORM FEATURES**

- Targeted newsfeed and alerts based on one's health profile, activity and employer-sponsored programs
- Ability to track physical activity by hooking in smartphone apps or hundreds of fitness devices
- A Points Planner to track activities, earn Vitality Points and advance status tiers
- Dynamic interaction with fellow employees through quarterly challenges and friendly competition

Premium programs and services are delivered through the professional staff of our wellness vendors, Health Fitness and Vitality Health, who ensure participants' information is held in strict confidence and protected by law. This includes data from the health screenings, health assessments, health advisor and coaching calls, and other company-

sponsored wellness program activities. Only aggregate data is provided for program analysis. Fees for the Premium wellness program are customized for each employer.

# SUPPORT AND ENGAGEMENT

# Member Services: Here for Your Employees

The phrase that can most commonly be heard throughout BCBSNE is "One Team. In It for Our Members." It's our rally cry and the primary filter through which we make decisions – from what products to offer to how to help a member through an emergency appendectomy.

We employ evidence-based tools, communication tactics and service models to make sure members are aware of their benefits, understand how to use them, have a sense of ownership of their own health and feel comfortable getting as much support from us as they need, in sickness and wellness.

When it comes down to it, BCBSNE members will always be able to speak to a live representative who is based right here in Nebraska. Our service team walks side-by-side with our members, advocating on their behalf – from contacting a provider to find out what services are being done to ensuring they're billed correctly.

#### ALL MEMBERS CAN EXPECT:

- Toll-free 800 number to reach service representatives 7:30 a.m. to 6 p.m. CT, Monday through Friday
- Health advocacy and help connecting with their providers to clarify benefits, resolve issues, etc.
- Guidance on how to find doctors, use self-service tools, understand costs and best use their benefits
- A concierge level of care, connecting them to nurse care managers for assistance with chronic conditions
- Ability to easily order ID cards online or by phone

## Supporting members throughout their health care journeys

## GETTING STARTED

- Open Enrollment support
- Welcome Kits to help employees know and understand their plan benefits, services, tools and programs
- Outreach to engage members with their online account and tools
- Onboarding tips for first-time users of myBlue or when calling customer service

## MANAGING • CONDITIONS

 Proactive outreach to employees who are or may soon need Care Management services, including diabetes, maternity and more

- Proactive health education and communication about making the most of benefits
- High-touch Member Services, including personalized support, program referrals, provider liaisons and cost savings advocacy
- Health Assessment to understand current health, goals and optional programs
- myBlue account to find doctors and estimate costs
- Steerage to the right care at the right time, whether online or on the phone

#### **Self-Service Resources**

Especially in this always-on, digital age, it's important to foster employees' personal agency in navigating their health care and benefits through available resources. Through our online member portal, members can:

myNebraskaBlue MEMBER PORTAL

- Compare in-network providers
- Find in-network pharmacies and covered medications
- Estimate costs
- Sign up for email notifications
- Access your mobile ID card or order printed cards
- Track health care spending and claims activity
- Contact Member Services

To register, members simply visit **myNebraskaBlue.com** and complete four simple steps.

Employees may also access resources on **NebraskaBlue.com** without logging into the member

portal.

#### CARE MANAGEMENT

Employees taking advantage of our care management programs are able to connect with their care managers and health coaches privately via our Wellframe<sup>®</sup> platform.

The mobile app, accessible on their smartphone, tablet or computer, provides daily checklists and allows secure, two-way conversations. Those who prefer not to use a mobile app are also able to connect with their care manager or health coach by phone.

#### WELLNESS AND **PREVENTIVE CARE**

Anyone can access free health and wellness tools at NebraskaBlue.com/Wellness.

Resources include:

• An individual health risk

#### assessment

- Body Mass Index (BMI) calculator, waist-to-hip ratio calculator, target heart rate calculator and calorie counter
- Smoking cessation, weight loss and mental health programs
- Timely personal health challenges and tip sheets
- And more

#### **TELEHEALTH VIRTUAL DOCTOR VISITS**

Members have on-demand access to U.S. board-certified physicians to help with over 1,200 common acute medical diagnoses or mental health concerns through Amwell<sup>®</sup>, our telehealth vendor. Amwell's secure platform enables patients to easily connect with a doctor by computer, tablet or phone.

Telehealth has been shown to reduce medical costs, save time, improve productivity and reduce absenteeism, enhance access to care and increase employee satisfaction.

Amwell visit, compared to average savings per in-person doctor's visit

#### **BLUE CROSS BLUE SHIELD GLOBAL<sup>®</sup> CORE**

With the BCBS Global Core mobile app, world travelers have convenient access to doctors

and hospitals around the world. Members have 24/7/365

telehealth access to multilingual, licensed physicians that can prescribe medicines for local pickup through Teledoc Health

The platform provides medical translations of common health care terms, including bidirectional audio and pronunciation assistance.

Travelers experience seamless coordination of transportation logistics and transfer to receiving facility.

#### LIVE AND LOCAL EVENTS

#### Member Steerage, Education & Advocacy

It's no secret that health care and health insurance can seem

complicated. As much as some may want to manage everything themselves, your employees need help understanding their benefits, navigating the health care system and knowing that someone is advocating on their behalf. We're here to help. During open enrollment or any time of the year, we offer faceto-face (on site in Omaha and

Lincoln, or virtually) education about your plan, tips to maximize

benefits or specific health topics of your choosing. This includes hosting or participating in your existing health and benefits fairs, if you choose.

#### COMMUNICATION CAMPAIGNS

ianuar

Star when it will beer your into gabily a lifeter of gad hell

We provide complete employer toolkits, including topic calendars, how-to guides, marketing collateral and more to help you support members' health journeys via your existing communication channels.

#### MEMBER OUTREACH

Our quality, care management and customer service teams are trained to identify –

through claims data, health assessment trends or simple

customer service conversations – members who are good candidates for health and wellness programs or need a little extra support. We proactively follow up with them to connect them with no-cost resources to improve their well-being as part of our care management programs.

KNOW WHERE TO GO

Where employees get care and prescriptions makes a big difference in the cost and their overall experience. We offer education programs and tools to make it easier to decide:

- When to go to the ER or urgent care facility
- When to set up an office visit or use telehealth
- When to seek a freestanding facility for lab work or radiology
- When to explore lower-cost drug alternatives
- Why and how to find a Total Care provider or Blue Distinction Center

#### BLUE365<sup>®</sup> PERKS

Helping employees live a healthy life includes making positive health choices easier and more

affordable for them. Blue365, available to all Blue

members, offers exclusive savings on select programs and services to improve and maintain everyday health, including fitness memberships to more than 10,000 gyms, athletic footwear, activity trackers, healthy food delivery services, vision and hearing devices and more.

All members need to do is join the Blue365 email list to receive deals every week. Learn more at **Blue365Deals.com/BCBSNE**.

## NACO Account Services: Here for You

NACO has been your strategic partner on critical issues impacting county government for over 100 years. We are not only invested in our members, but also in the health and well-being of there employees. The partnership between Blue Cross Blue Shield of Nebraska and NACO allows us to leverage two great organizations to better serve you and your employees.

NACO Benefit Services was formed to assist our members in designing benefit structures, networks and services packages that fit the needs of Nebraska county employees. We continually monitor claim trends and service feedback to identify opportunities for cost savings and service enhancements. Our field representatives have years of experience working with Nebraska county benefit employee benefit plans and use this background to offer consultation that improves the immediate and long-term health of your employees, and lowers the cost of care to you, them and the county.

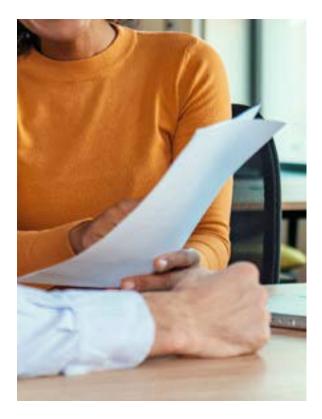

We also stive to help you make things easier on your benefits management team – with direct access to an experienced benefits ally right here in Nebraska who may not immediately have every insight and answer your need, but knows right where to find it.

From annual enrollment to high-cost claim management to Total Care quality and cost data analysis, we are on your side.

#### **Employer Online Access**

With our Employer Online Access self-service tool, your team can easily help your employees find the answers they need. You can log in to:

- View reports
- Order member ID cards
- · Help an employee find a doctor
- And more

#### Implementation and Onboarding

Speed to determine eligibility, confirm benefits and get an ID card in hand are of the utmost importance to you and your employees. We also want to make sure employees are educated about the benefits you offer and equipped to make the best decisions for themselves and their families.

As part of your dedicated account management team, your implementation specialist will oversee the entire implementation and onboarding process.

We are also available to help you onboard employees throughout the year and assist members with plan transitions, claims management, benefits education, care management and any other customer service needs.

#### **Employee Enrollment**

We offer several secure options for electronic benefits enrollment to free up your HR team's time.

**Employer-only option** – allowing you to enter employees' benefit election information into BCBSNE's system, during open enrollment and throughout the year

**Data exchange** – an alternative option for employers with 100+ members to easily transmit HIPAA-compliant membership data from other benefits enrollment systems on a weekly basis

With any option, you have complete control of the open enrollment process and are able to easily view, change or approve employee elections

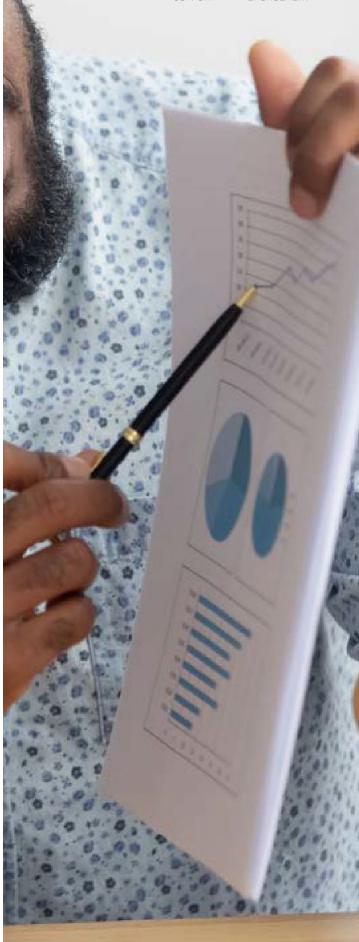

#### **Premier Service**

With our Premier service solution available to select self-funded groups, your employees receive extra support to get the most out of your coverage and make life easier on your benefits team. In addition to the service described above, you'll have:

| A dedicated 800 number and the ability to customize messages for your employees | $\checkmark$ |
|---|--------------|
| In-person support (live or virtual) for employees at open enrollment meetings   | $\checkmark$ |
| Welcome calls to new members at<br>enrollment and throughout the year           | $\checkmark$ |
| A tailored communication calendar to help<br>educate and engage your employees  | $\checkmark$ |
| Culture immersion training to analyze your company culture and needs            | $\checkmark$ |
| An annual review of account activity and key opportunities                      | $\checkmark$ |

In addition to other standardized reports, our Premier service model includes a quarterly customer service snapshot including:

- Number of member calls received
- Top reasons for calls
- Survey comments
- Welcome calls and care management connections made
- Top opportunities for improvement

#### **Reporting and Analytics**

Ongoing analysis is a touchstone of our strategic partnership. Because we see consultation as an investment in our relationship with you and your employee population, we don't charge for these valueadded services.

For all self-funded accounts, as well as for fully-insured accounts over 500 enrolled contracts, a client data consultant on your account team will coordinate all reporting functions, monitor trends and proactively provide detailed opportunity analysis. Together, we'll use data-driven insights to maximize plan efficiency, employee engagement and quality of care, and overall cost management.

#### **Available Reports**

Depending upon the funding method, you will have access to a variety of common client reports accessible online, as well as customized reporting created by your client consultant based on specific needs.

#### **Claim Management**

We proactively manage high-cost claimants with a combination of data analysis and clinical care management. Using advanced predictive modeling, we address member (and caregiver) engagement and medical and pharmacy benefit utilization to support high-cost members throughout their health journeys. Specific interventions may include preauthorization, clinical review, advance care planning, steerage to the highest quality providers and facilities, onsite hospital and discharge transition support, complex case management, and thorough clinical and financial review of high-cost claims.

#### **Payment Integrity**

You need an experienced, full-service benefits administrator that provides quick claims processing, but also makes sure you're not paying for what you shouldn't.

Coordination of benefits, claim investigation and overpayment protection are critical components of our account service model. We also have three teams dedicated to the diligent monitoring and prevention of health care fraud, waste and abuse.

Our Special Investigations Unit is focused on identification, investigation and recovery of funds expended due to fraud, waste or abuse.

Nurses in our Provider Audit unit conduct pre- and post-payment facility claim reviews to uncover potential billing and coding errors.

Our Plan Performance Audit department reviews claims processing transactions to ensure compliance with applicable guidelines.

This combination of due diligence results in significant cost control and peace of mind for your company and your employees in the short and long term.

#### **Perpetual Innovation**

While the programs and services included in this proposal are available to you today, we are always looking to the future to vet and implement new solutions that add meaningful value for your employees. Teaming up with BCBSNE is like adding a health benefits research and development crew to your staff.

We certainly seek insights into your company's utilization data to optimize your integrated plan design, clinical support and engagement strategies as part of our commitment to analytics and consultation. We also look at data across our provider network and full member base to analyze trends and proactively pivot products or programs based on predictive modeling. Beyond our book of business, we collaborate with fellow Blue plans across the U.S. to understand broader American health, benefits, engagement and employer trends and identify opportunities therein. We also have an ever-evolving digital technology roadmap to underpin engagement strategies and make it ever-easier for you, your employees and providers to engage with us and one another.

#### **Proposal Notes:**

- The rates and factors in this proposal are firm. Please provide a signed proposal.
- Large claim data must be submitted for any claims that are at or have the likelihood to exceed 50% of the group specific deductible.

Large claim data must include: age, sex, diagnosis, prognosis, treatment plan, case management notes (if applicable), Pre-Cert and This proposal includes Aggregate Accommodation.

- The Specific rates in this proposal are based on an Aggregating Specific arrangement. Maximum Specific Liability includes estimated
- Human Organ Transplant benefits are payable in accordance with the Covered Underlying Plan and are subject to the proposed
- The above specific stop loss rates include the HM Stop Loss Bridge Renewal Option.
- At renewal We will not apply any new Special Risk Limitations including, but not limited to, an Alternate Specific Deductible or Excluded

#### Assumptions

- Aggregate coverage is only available when purchased with Specific coverage.
- This proposal is subject to revision if there is a change in Proposed Effective or Renewal Dates or a change in the Covered Underlying
- This proposal is based on the utilization of the Provider Network(s) and the Utilization Review Vendor(s) listed in this proposal.
- This proposal assumes a minimum participation level of 50%.
- This proposal assumes the Covered Underlying Plan includes a pre-certification, utilization review and large case management

• This proposal is based on a description of the employee benefit plan(s) provided and approved by HM; employee and dependent census data; submission of any requested claim information; and any other information relevant to the underwriting risk. If any of the

• Surcharges (including the bad debt and charity surcharge portion of the New York Reform Act applicable to services are rendered in New York State), pool charges, and/or covered lives assessments may be covered under the Stop Loss Policy if such charges are considered a claim cost. HM is not responsible for the filing and/or payment of any assessment for which HM is not directly liable including,

- All standard policy provisions apply. The laws of the state where the policy is issued will apply. Certain exclusions and limitations may
- This proposal will expire on the Proposed Effective Date.
- The dollar value of the minimum deductible shown above is representative. The actual value of the minimum deductible will be

• Unless otherwise limited or excluded by the Stop Loss Policy or under the Individual Special Requirements, Eligible Claim expenses under the Stop Loss Policy will follow the Covered Underlying Plan, up to the proposed Maximum Specific Benefit.

- The initial rates are guaranteed for the proposed Policy Term unless otherwise noted.
- There are no more than 15% COBRA participants.

#### Qualifications

Any Stop Loss insurance requested and the Proposed Effective Date of that coverage must be approved by HM under Our current rules

Both the premium rates and the Aggregate factors are subject to change should the number of Covered Units change by 10% or more,

• If the descriptions of the benefits or plan provisions differ from what was initially utilized to underwrite the risk, an updated Summary Plan Document or other acceptable plan description is required within 60 days of the Effective Date, and the premium rates and Aggregate

• This quote assumes the Covered Underlying Plan will include standard industry provisions and definitions including, but not limited to, eligibility, HIPAA, termination, leave of absence or disability, FMLA, subrogation, transplants and COB; and exclusions for job-related injuries, treatments that are experimental and/or investigational, cosmetic, not medically necessary, war, felonies, charges in excess of usual and customary, and foreign medical care when traveling outside of the U.S. solely for the purpose of receiving medical care. In the

• HIPAA Privacy rules permit the release of Protected Health Information (PHI) for the purpose of evaluating and accepting risk associated with the Plan Sponsor as part of "Health Care Operations." HM will use this information solely for the purpose of evaluating and accepting the risk and will not disclose any PHI collected except to perform this risk evaluation.

Note: This proposal is not complete unless accompanied by the proposal notes and the basis of offer noted on the following pages.

#### Individual Special Requirements:

#### **PROPOSAL NOTES**

- The rates and factors in this proposal are firm. Please provide a signed proposal.
- Large claim data must be submitted for any claims that are at or have the likelihood to exceed 50% of the group specific deductible. Large claim data must include: age, sex, diagnosis, prognosis, treatment plan, case management notes (if applicable), Pre-Cert and paid/pended claims.
- This proposal includes Aggregate Accommodation.
- The Specific rates in this proposal are based on an Aggregating Specific arrangement. Maximum Specific Liability includes estimated Policy Term Specific premium and the Aggregating Specific fund.
- Human Organ Transplant benefits are payable in accordance with the Covered Underlying Plan and are subject to the proposed Lifetime Maximum Specific Benefit offered within this proposal.
- The above specific stop loss rates include the HM Stop Loss Bridge Renewal Option.
- At renewal We will not apply any new Special Risk Limitations including, but not limited to, an Alternate Specific Deductible or Excluded Claim Expense unless requested.

#### **PROPOSAL ACCEPTANCE**

Please acknowledge acceptance of the terms in this proposal by signing it and returning it by 06/07/2023 (no signed proposal will be accepted after the Proposed Effective Date). Please also indicate which option is chosen and whether Aggregate is to be included, by checking the appropriate boxes on the previous page. Failure to remit the signed agreement within the same period will result in a request for an updated large claim Disclosure (and claims) being required for Our review. All payments after the effective date of this policy, found on the previous page, must use the rates selected. Any deviation from the rates specified could result in an underpayment leading to a possible policy cancellation.

Accepted on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_

Coverage is underwritten by HM Life Insurance Company, Pittsburgh, PA, in all states except New York under policy form series HMP-SL (11/16), HMP-SL (08/19) or HMP-SL (06/20) or similar. In New York, coverage is underwritten by HM Life Insurance Company of New York, New York, NY, under policy form series HMP-SL (11/16) or HMP-SL (06/20) or similar. The coverage requested may not be available in all states and is subject to individual state approval. Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

#### **BASIS OF OFFER**

initials: \_\_\_\_\_ date: \_\_\_\_\_

#### Assumptions

- Aggregate coverage is only available when purchased with Specific coverage.
- This proposal is subject to revision if there is a change in Proposed Effective or Renewal Dates or a change in the Covered Underlying Plan.
- This proposal is based on the utilization of the Provider Network(s) and the Utilization Review Vendor(s) listed in this proposal.
- This proposal assumes a minimum participation level of 50%.
- This proposal assumes the Covered Underlying Plan includes a pre-certification, utilization review and large case management program.
- This proposal is based on a description of the employee benefit plan(s) provided and approved by HM; employee and dependent census data; submission of any requested claim information; and any other information relevant to the underwriting risk. If any of the information was incorrect or changes the risk involved, the rates and factors will be modified, and the Specific and Aggregate claims will be adjusted accordingly.
- Surcharges (including the bad debt and charity surcharge portion of the New York Reform Act applicable to services are rendered in New York State), pool charges, and/or covered lives assessments may be covered under the Stop Loss Policy if such charges are considered a claim cost. HM is not responsible for the filing and/or payment of any assessment for which HM is not directly liable including, but not limited to, the New Hampshire Vaccine Assessment as modified by NH HB 664.
- All standard policy provisions apply. The laws of the state where the policy is issued will apply. Certain exclusions and limitations may apply.
- This proposal will expire on the Proposed Effective Date.
- The dollar value of the minimum deductible shown above is representative. The actual value of the minimum deductible will be calculated according to the terms of the Stop Loss Policy.
- Unless otherwise limited or excluded by the Stop Loss Policy or under the Individual Special Requirements, Eligible Claim expenses under the Stop Loss Policy will follow the Covered Underlying Plan, up to the proposed Maximum Specific Benefit.
- The Agent is properly licensed and appointed by HM.
- The initial rates are guaranteed for the proposed Policy Term unless otherwise noted.
- There are no more than 15% COBRA participants.

#### Qualifications

- Any Stop Loss insurance requested and the Proposed Effective Date of that coverage must be approved by HM under Our current rules and practices.
- Both the premium rates and the Aggregate factors are subject to change should the number of Covered Units change by 10% or more, either in total and/or by single/family mix.
- If the descriptions of the benefits or plan provisions differ from what was initially utilized to underwrite the risk, an updated Summary Plan
  Document or other acceptable plan description is required within 60 days of the Effective Date, and the premium rates and Aggregate factors may
  be subject to re-rating, retro-active to the Effective Date.
- This quote assumes the Covered Underlying Plan will include standard industry provisions and definitions including, but not limited to, eligibility, HIPAA, termination, leave of absence or disability, FMLA, subrogation, transplants and COB; and exclusions for job-related injuries, treatments that are experimental and/or investigational, cosmetic, not medically necessary, war, felonies, charges in excess of usual and customary, and foreign medical care when traveling outside of the U.S. solely for the purpose of receiving medical care. In the event that a Summary Plan Document is not available within 60 days from the Proposed Effective Date, We reserve the right to issue the policy assuming standard exclusions will apply.
- HIPAA Privacy rules permit the release of Protected Health Information (PHI) for the purpose of evaluating and accepting risk associated with the Plan Sponsor as part of "Health Care Operations." HM will use this information solely for the purpose of evaluating and accepting the risk and will not disclose any PHI collected except to perform this risk evaluation.

Coverage is underwritten by HM Life Insurance Company, Pittsburgh, PA, in all states except New York under policy form series HMP-SL (11/16), HMP-SL (08/19) or HMP-SL (06/20) or similar. In New York, coverage is underwritten by HM Life Insurance Company of New York, New York, NY, under policy form series HMP-SL (11/16) or HMP-SL (06/20) or similar. The coverage requested may not be available in all states and is subject to individual state approval. Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

- The rates and factors in this proposal are based on the Disclosure of all individuals considered a special enrollee due to having previously satisfied the plan's lifetime maximum. Written acceptance by HM must be acknowledged before terms of coverage for such individuals are included under HM's Stop Loss Policy.
- Any Stop Loss Policy issued by HM may be rescinded or re-underwritten if any information requested in connection with this proposal was
  intentionally concealed or misrepresented by or on behalf of the Policyholder and/or the Policyholder's Agent, or if the Policyholder and/or the
  Policyholder's Agent commits fraud.
- As used above: An "Agent" is the prospective Policyholder's representative including, but not limited to, the agent, producer or broker of record, or Claims Administrator. A "Claims Administrator" is a third party administrator (TPA) designated by the Policyholder and approved by Us. Disclosure or Disclosed means to provide Claim Information and any other documentation or data requested by Us including, but not limited to, Census and Demographic Information and the estimated number of Covered Units prior to the beginning of the Policy Term.

Coverage is underwritten by HM Life Insurance Company, Pittsburgh, PA, in all states except New York under policy form series HMP-SL (11/16), HMP-SL (08/19) or HMP-SL (06/20) or similar. In New York, coverage is underwritten by HM Life Insurance Company of New York, New York, NY, under policy form series HMP-SL (11/16) or HMP-SL (06/20) or similar. The coverage requested may not be available in all states and is subject to individual state approval. Blue Cross and Blue Shield of Nebraska is an independent licensee of the Blue Cross and Blue Shield Association.

| Re:   | Cherry County Extension Board Positions        |

This is the list of people from which the Extension Board would like to make its recommendation for filling the current District 3 Extension Board vacancy. Clint Burney has served the maximum number of consecutive terms representing that district.

#### **Kristina Blackford**

If acceptable, the Extension Board will recommend this individual to you for filling the vacant position.

Comm: about attending and letter. You have the power over cctt trustees since you appoint them. you can remove any trustee you what. Want: TRUSTERS Need to have a cipy of the Codes & pprove by you the Commissionors This way on purchases and other money cost to CCH for your approval or de. Not hiding cust from the payers. Nu matter what some think its SHII a Curenty Hospital. TRustees need to be fold this operated under the state ligal faw. As you're elected official of Cherry County to be regron bility for cett. Trustees pired an Admin, Nota CEO as being signed on CCH businesses. That's all illegal : You need to check with County ATT ERIC Scott to have this corrected as code states

Other wise possibility of sait against you, trusten, & cctt. I had to be a problem on this. prepare in town and out: Theyale agree salary and remining Ad is you know what: Meil & S. Centrel S. D is worth that Kinds so kary. please do something. P. 9, Sorry about my Inniking Joy Spilling a writing. arm trupt. In & Dark Bills

#### BEFORE THE NEBRASKA TAX EQUALIZATION AND REVIEW COMMISSION

IN THE MATTER OF EQUALIZATION OF VALUE OF REAL PROPERTY WITHIN CHERRY COUNTY FOR TAX YEAR 2023

#### COUNTY NUMBER 16: CHERRY

FINDINGS AND ORDER (No Show Cause Hearing)

The Tax Equalization and Review Commission, as part of its statewide equalization proceedings, finds that the levels of value for real property in Cherry County for tax year 2023 meet the requirements of law.

#### I. APPLICABLE LAW

- 1. The Commission is required to meet annually to equalize the assessed values and special values of all real property based on the abstracts submitted by the county assessors. The Commission must also equalize the values of real property valued by the state.<sup>1</sup>
- 2. To achieve equalization, the Commission is authorized to increase or decrease the value of a class or subclass of real property in any county or taxing authority or of real property valued by the state so that all classes or subclasses of real property in all counties fall within an acceptable range.<sup>2</sup>
- 3. An acceptable range is the percentage of variation from a standard for valuation as measured by an established indicator of central tendency of assessment. Acceptable ranges are: (a) For agricultural land and horticultural land, 69% to 75% of actual value, except that for school district taxes levied to pay the principal and interest on

<sup>&</sup>lt;sup>1</sup> Neb. Rev. Stat. § 77-5022 (Reissue 2018).

<sup>&</sup>lt;sup>2</sup> Neb. Rev. Stat. § 77-5023(1) (2021 Supp.).

3. This order is effective the date it is signed and sealed.

Signed and Sealed: May 12, 2023
