At 1:54 p.m. the meeting moved to the Courtroom. Commissioner DeNaeyer acknowledged the Open Meetings Act on the back wall of the room.

Preston Smith, Wildwood Managing Partner, answered questions from the Board on behalf of applicant, Bow & Arrow Ranch, regarding primary land use, property values, and differences between the current CUP application and CUP application from 2020. It was confirmed with NDOT that a conservation easement is not the only avenue for American Burying Beetle offsets and that denying the easement won't stop them from moving forward with their projects.

Under Nebraska State Statutory authority granted by § 76-2,112, "Approval of a proposed acquisition may be denied upon a finding by the appropriate governing body that the acquisition is not in the public interest when the easement is inconsistent with a comprehensive plan for the area which had been officially adopted and was in force at the time of the conveyance." Based on the finding of fact regarding the Bow and Arrow Conservation Easement, Commissioner DeNaeyer moved to deny the Conservation Easement, for CUP 004/23, for the following reasons:

The Bow and Arrow Ranch LLC Conservation Easement would be in conflict with both the Natural Resource Plan and Cherry County's Comprehensive Land Use Plan, as it changes the primary purpose/use of the defined acres to "long term management of the Protected Property as it pertains to the American Burying Beetle", thereby prioritizing one primary resource value.

Page 2 of the Conservation Easement states that 'Whereas, the Protected Property is adjacent to the Valentine National Wildlife Refuge and will expand that block of protected habitat... the Protected Property provides key habitat for terrestrial wildlife, including the American Burying Beetle; Whereas all of the above constitute the Conservation Values of the Protected Property; and Whereas the Grantor desires to protect and conserve the

Conservation Values and present status of Protected Property by conveyance to the LAND TRUST of this Easement for the purpose of conserving the present status and Conservation Values of the Protected Property and to prevent the use or development of the Protected Property for any purpose or in any manner that which would conflict with the maintenance of the Protected Property in the present condition for both this and all future generations except as explicitly provided for herein.'

Further evidence of fact that the Bow and Arrow Conservation Easement establishes the American Burying Beetle habitat as the primary use/management purpose.

The Conservation Bank Agreement attached to the Conservation Easement states that, on page 3, the conservation values are defined as "ecological values which serve as habitat (including without limitation, food, water and proper vegetative mix and canopy cover) necessary to support occupancy, survival and reproduction of the Covered Species" i.e., American Burying Beetle.

Pg. 12 of the Conservation Bank Agreement indicates that the establishment of the Conservation "Bank" is dependent upon the execution of applicable "Subordination Agreements", defined on pg. 7 as "a written, recorded agreement in which the holder of an interest in, lien or encumbrance on the Bank Property makes a lien or encumbrance subject to and of lower priority than the Conservation Easement, even though the lien or encumbrance was recorded.

The Bow and Arrow Conservation Easement creates a legally binding nexus with the Federal Government. As stated in the Conservation Bank Agreement attached to the Conservation Easement, it will become "federally managed; Pg. 1, "US Fish and Wildlife Service, an agency within the US Dept. of Interior, has jurisdiction over the conservation, protection, restoration, and management of Federally listed species within the US pursuant to the Endangered Species Act... US Fish and Wildlife Service is the entity which oversees that establishment, use, operation and maintenance of the Bank.

The Bow and Arrow Conservation Easement would conflict with the Comprehensive Land Use Plan by reducing the value of the identified real property, (as required by IRS Code). Cherry County's Comprehensive Land Use Plan states on pg. 1; "Private and public land and water resources are used wisely, sustaining for generations the ecological, economic, social, cultural, recreational and aesthetic values that support the quality of life treasured by county residents."

It is therefore clear that the agricultural and economic values of Cherry County are a priority to be to be taken into consideration, and Conservation Easements, by definition of IRS Code MUST reduce the real property value, directly impacting the economic values of the County's resources, which would be in conflict with the Comprehensive Land Use Plan.

IRS code Section 1; 170 A-14(h)(3)(ii); "If the donation of a conservation easement has no material effect on the value of real property, or enhances rather than reduced the value of real property, no deduction is allowable."

In Summary, Commissioner DeNaeyer moved to Deny the Bow and Arrow Ranch Conservation Easement because: It is inconsistent with the Cherry County Natural Resource Plan and the Cherry County Comprehensive Land Use Plan. It creates one specified prioritized use, pursuant to agriculture, defined as the "Conservation Values", which is for the American Burying Beetle listed as 'threatened' and subject to the Endangered Species Act over which the US Fish and Wildlife Service has jurisdiction. As a legally defined Conservation Easement, according to IRS requirements, it MUST reduce the value of the real property which is part of the economic base of Cherry County.

Commissioner McConaughey seconded the motion. Roll call vote: Aye – DeNaeyer, McConaughey, Nelson. The motion carried.

Pursuant to the Board's decision to deny the Conditional Use Permit Application #004/23 Bow & Arrow Ranch LLC Conservation Easement there was no Board action on the agenda item to Adopt Zoning Resolution #Z-93. The Board returned to the Commissioners' Meeting Room.

Deputy EM Coyle, Payroll Clerk Billie Brockley, and County Attorney Eric Scott were present to discuss the use of a timeclock, duties performed, and hours worked by exempt employees. Mr. Scott stated that he does not have a legal issue with no timeclock being used by exempt employees. DeNaeyer moved and McConaughey seconded to clarify that exempt employees will no longer have to keep track of hours worked but will submit any sick and vacation time used within that pay period to payroll. Roll call vote: Aye – McConaughey, DeNaeyer. No – Nelson. The motion carried.

Justice Center Administrator Sharon Hesse, Mrs. Brockley, and Mr. Scott were present to discuss the circumstances surrounding the recent change to the Justice Center overtime calculation period. Required cross training and shifts worked as both a corrections officer and dispatcher to qualify for the 207(k) exemption were also discussed. Administrator Hesse stated that there are scheduling and overtime issues due to the 7-day overtime calculation period and she requested it to revert to a 28-day period. DeNaeyer moved and Nelson seconded to return to the overtime calculation period based on 171 hours in a 28-day period, effective at 12:00 a.m. on January 22, 2024. Roll call vote: Aye – Nelson, DeNaeyer, McConaughey. The motion carried.

DeNaeyer moved and McConaughey seconded to approve claims. Roll call vote: Aye – DeNaeyer, McConaughey, Nelson. The motion carried.

EM Director Coyle questioned the eight hours of vacation time that Commissioner DeNaeyer signed off on for April 30, 2024 payroll and the Board discussed work done by her that day. Historical use of paid time off by the Administrator Hesse was also discussed. It was the consensus of the Board to return eight hours of vacation time to Jessica Coyle.

# BOARD OF CORRECTIONS MINUTES May 15, 2024

The Cherry County Board of Commissioners convened as a Board of Corrections on May 15, 2024 in the Cherry County County Commissioners Meeting Room of the Cherry County Courthouse, as per notice published May 8, 2024 in the Valentine Midland News, with the agenda being on file in the office of the County Clerk. The meeting was called to order at 1:30 p.m. by Chairman DeNaeyer. Present for the meeting were Cherry County Commissioners Martin DeNaeyer, Nina Nelson, Mike McConaughey, Cherry County Clerk Brittny Longcor, Cherry County Justice Center Administrator Sharon Hesse, and Cherry County Attorney Eric Scott. The Open Meetings Act Poster was acknowledged by Chairman DeNaeyer.

Mr. Scott stated that there has been a grievance filed by a woman in the jail by the name of Nikkia Rabago and that on Monday, May 13, 2024, on the record during her court appearance with her counsel present, she had waived her right to attend the meeting today. The Board and Administrator Hesse confirmed to Mr. Scott that they were in possession of and had reviewed the grievance filed by Ms. Rabago. Administrator Hesse confirmed to Mr. Scott that there is no truth or substance to any of the claims by Ms. Rabago. The Board indicated that they had all investigated the claims. Mr. Scott advised the Board to dismiss Ms. Rabago's grievance, since it weighs heavily that she is not willing to appear and plead her case or be cross-examined, and that her complaint is not against a standard that can be measured against other people. The legal standard that jail officials are held to is that of reckless indifference and Mr. Scott's opinion is that our facility is far above and away from the standard of reckless indifference.

DeNaeyer moved and McConaughey seconded to dismiss the grievance(s) of Nikkia Rabago after consideration. Roll call vote: Aye – McConaughey, Nelson, DeNaeyer. The motion carried.

Regarding the personnel issue, Mr. Scott's opinion is that it is not a decision about an individual, but it is a policy decision. Administrator Hesse shared a letter received from Jail Standards concerning the cross-training and certification of Justice Center employees as both Corrections Officers and Dispatchers. EM Director Jessica Coyle reviewed correspondence received from the Public Service Commission regarding use of 911 funds for Dispatcher wages. Mr. Scott questioned the legal authority of the Jail Standards Division and the individual at the Public Service Commission to issue opinions for the Crime Commission and Public Service Commission. Administrator Hesse informed the Board regarding the number of employees who are cross-trained, hiring issues that she believes are related to the required cross-training resolution, and the recent Jail Standards inspection. Administrator Hesse stated that the biggest concern during the jail inspection is staff shortage. Mr. Scott discussed the history of the cross-training policy. The Board and Administrator Hess discussed whether or not Corrections Officer and Dispatcher were similar enough jobs to require one individual to have the capabilities to perform both.

No Board action was taken on the agenda item regarding Personnel Issue. The Board requested that an individual from the Jail Standards Division attend their next Board of Corrections meeting.

At 2:18 p.m. Chairman DeNaeyer declared the meeting adjourned.

# BOARD OF CORRECTIONS MINUTES May 15, 2024

The Cherry County Board of Commissioners convened as a Board of Corrections on May 15, 2024 in the Cherry County County Commissioners Meeting Room of the Cherry County Courthouse, as per notice published May 8, 2024 in the Valentine Midland News, with the agenda being on file in the office of the County Clerk. The meeting was called to order at 1:30 p.m. by Chairman DeNaeyer. Present for the meeting were Cherry County Commissioners Martin DeNaeyer, Nina Nelson, Mike McConaughey, Cherry County Clerk Brittny Longcor, Cherry County Justice Center Administrator Sharon Hesse, and Cherry County Attorney Eric Scott. The Open Meetings Act Poster was acknowledged by Chairman DeNaeyer.

Mr. Scott stated that there has been a grievance filed by a woman in the jail by the name of Nikkia Rabago and that on Monday, May 13, 2024, on the record during her court appearance with her counsel present, she had waived her right to attend the meeting today. The Board and Administrator Hesse confirmed to Mr. Scott that they were in possession of and had reviewed the grievance filed by Ms. Rabago. Administrator Hesse confirmed to Mr. Scott that there is no truth or substance to any of the claims by Ms. Rabago. The Board indicated that they had all investigated the claims. Mr. Scott advised the Board to dismiss Ms. Rabago's grievance, since it weighs heavily that she is not willing to appear and plead her case or be cross-examined, and that her complaint is not against a standard that can be measured against other people. The legal standard that jail officials are held to is that of reckless indifference and Mr. Scott's opinion is that our facility is far above and away from the standard of reckless indifference.

DeNaeyer moved and McConaughey seconded to dismiss the grievance(s) of Nikkia Rabago after consideration. Roll call vote: Aye – McConaughey, Nelson, DeNaeyer. The motion carried.

Regarding the personnel issue, Mr. Scott's opinion is that it is not a decision about an individual, but it is a policy decision. Administrator Hesse shared a letter received from Jail Standards concerning the cross-training and certification of Justice Center employees as both Corrections Officers and Dispatchers. EM Director Jessica Coyle reviewed correspondence received from the Public Service Commission regarding use of 911 funds for Dispatcher wages. Mr. Scott questioned the legal authority of the Jail Standards Division and the individual at the Public Service Commission to issue opinions for the Crime Commission and Public Service Commission. Administrator Hesse informed the Board regarding the number of employees who are cross-trained, hiring issues that she believes are related to the required cross-training resolution, and the recent Jail Standards inspection. Administrator Hesse stated that the biggest concern during the jail inspection is staff shortage. Mr. Scott discussed the history of the cross-training policy. The Board and Administrator Hess discussed whether or not Corrections Officer and Dispatcher were similar enough jobs to require one individual to have the capabilities to perform both.

No Board action was taken on the agenda item regarding Personnel Issue. The Board requested that an individual from the Jail Standards Division attend their next Board of Corrections meeting.

At 2:18 p.m. Chairman DeNaeyer declared the meeting adjourned.

Zale served Cherry County for five terms over a twenty-year span. Zale was proud of our people and loved the Sandhills way of life. He worked hard to assure the budget and resources within Cherry County were administered fairly and represented good long-term value for all residents and taxpayers. He had a passion for controlling invasive plants, which was probably the only thing that escaped his great sense of humor. He worked hard at dealing with road and bridge upgrades and the constant maintenance, as well as hundreds of other commissioner duties. Zale brought integrity, honesty, and fairness to all and will be remembered for his passion and good humor. His efforts are greatly appreciated. His contributions and standards will be built upon by all of us going forward. Thank you, Zale, for sharing your time and efforts with Cherry County.

Jessica Coyle read a letter and submitted it to the Board expressing interest in being both the Zoning Administrator and Emergency Management Director. Sherri Bacon read a statement on behalf of some members of the Cherry County Planning Commission and submitted it in writing to the Board. The Board discussed the time commitment, required qualifications, and part-time status of the Zoning Administrator position.

At 12:12 p.m. Nelson moved and McConaughey seconded to enter closed session for the purpose of potential negotiations and discussion of terms and conditions of employment, regarding the Zoning Administrator position, with the Board and Clerk Longcor to be present. Roll call vote: Aye – McConaughey, Nelson, DeNaeyer. The motion carried. The purpose of the closed session was restated to be potential negotiations and discussion of terms and conditions of employment regarding the Zoning Administrator position. At 12:46 p.m. the meeting room doors were reopened and the public was allowed to enter. At 12:47 McConaughey moved and DeNaeyer seconded to come out of closed session. Roll call vote: Aye – Nelson, DeNaeyer, McConaughey. The motion carried.

Nelson moved and McConaughey seconded to authorize Chairman DeNaeyer to extend an offer to Jane Stolzenburg for the Zoning Administrator position. Roll call vote: Aye — DeNaeyer, McConaughey, Nelson. The motion carried. DeNaeyer offered the position to Mrs. Stolzenburg, effective immediately, at \$800 per month, in addition to the hourly wage paid by the Clerk's Office. The public will have access to the Zoning Administrator for 35 hours per week, the same hours as the Clerk's Office, in addition to the Planning Commission meetings. Mrs. Stolzenburg agreed to these conditions. It was clarified by Mrs. Coyle that there will be no additional Zoning Administrator duties or training performed by her.

The Board and Clerk Longcor discussed the authorized balance in the health insurance petty cash account. Said account is used to pay the county's employee health insurance claim and all expenditures are submitted to the Board twice a month for reimbursement to the account. The account with a balance of \$75,000 has been overdrawn in recent years and has resulted in emergency meetings to fund the account. McConaughey moved and DeNaeyer seconded to increase the balance of the petty cash health fund to \$100,000. Roll call vote: Aye - Nelson, DeNaeyer, McConaughey. The motion carried.

Road Supervisor Doug Boyer provided the Board with a Request to Occupy County Right-of-Way for CenturyLink that was previously approved but had expired. Roll call vote: Aye - DeNaeyer, McConaughey, Nelson. The motion carried.

Supervisor Boyer reported that Cherry County has received approval from Mark Kovar, NDOT to reclaim 4.75 miles in the Brownlee area of abandoned oil strip along Highway 83. The stipulations for access to the material would be that it must be used on county roads and the area would need to be haved and reseeded. Figgins is working on a quote and process for reclaiming the material. If the material can be successfully reclaimed it would be enough for 20-25 miles of single lane road and can be laid back down, armor coated, and would not require adding additional oil. There are other oil strips with the potential to be reclaimed along Highway 20 and along Highway 2 in the Hyannis-Ashby area.

Commissioner McConaughey reported that he has received competitive bids for various rock materials and that he was going to move forward with the purchase of rock from Josh Whipple. No action was taken on the agenda item re: District 3 Rock Purchase. The invoice for said rock will be submitted with payroll claims in order to be paid during the current fiscal year. Clerk Longcor informed the Board that during a recent Public Service Commission (PSC) audit of 911 funds it was realized that the funds for the purchase of a Computer Assisted Dispatch (CAD) system, as approved by PSC, were not returned to the Inheritance Tax Fund. Funds were transferred from the Inheritance Tax Fund to the 2914 911

Wireless Holding Fund in 2021 to purchase the CAD system. Nelson moved and McConaughey seconded to approve Resolution #2024-05 Fund Transfer for the reimbursement of the Inheritance Tax Fund for the purchase of a CAD system, as suggested by the Public Service Commission auditor. The Board requested more information from the county's insurance company prior to granting permission for the Communications trailer to be in Holt County and discussed how to transport the trailer.

EM Director Coyle presented the Board with bids from Applied Connective and Control Masters for installing security cameras and video storage at the Cherry County South building. A bid was requested and not provided by Boyd Electric. Video storage capabilities and installation timelines were discussed. McConaughey moved and DeNaeyer seconded to approve the quote from Applied Connective for \$10,653.93, to be paid out of the ARPA Fund, for the Cherry County South Courthouse security camera system, and authorize EM Director Coyle to sign the contract. Roll call vote: Aye - Nelson, DeNaeyer, McConaughey. The motion carried.

Tourism Director Regina Osburn and Visitors Promotion Board members met with the Board to discuss the Interlocal Agreement – MPCC Convention Center. It was reported that County Attorney Eric Scott has received and reviewed said interlocal agreement and didn't see very many concerns, but that there a couple of details he would like to review. Ownership of the proposed convention center, design control of the project, and a committee to have involvement with the management of the convention center were discussed. The courtroom technology items and five-year service agreement totaling \$84,313.60 were gifted to Cherry County by the AOCP. After five years, there are no mandatory technology upgrades or updates, and the county will be granted control. Nelson moved and McConaughey seconded to approve the Statement of Acceptance of Possession and Future Responsibility re: AOCP Courtroom Technology.
